### Engine

|                     |                                                     |
|---------------------|-----------------------------------------------------|
| Engine type         | 4-stroke, 2-cylinder, liquid-cooled, DOHC, 4-valves |
| Displacement        | 321cc                                               |
| Bore & stroke       | 68.0 mm × 44.1 mm                                   |
| Compression ratio   | 11.2 : 1                                            |
| Maximum power       | 30.9 kW (42.0 PS) @ 10,750 rpm                      |
| Maximum torque      | 29.5 Nm (3.0 kgfm) @ 9,000 rpm                      |
| Clutch type         | Wet, multiple disc                                  |
| Ignition system     | Electric                                            |
| Starter system      | TCI                                                 |
| Transmission system | Constant mesh, 6-speed                              |
| Fuel system         | Fuel injection                                      |

### Dimensions

|                                               |          |
|-----------------------------------------------|----------|
| Overall length                                | 2,090 mm |
| Overall width                                 | 730 mm   |
| Overall height                                | 1,140 mm |
| Seat height                                   | 780 mm   |
| Wheel base                                    | 1,380 mm |
| Minimum ground clearance                      | 160 mm   |
| Wet weight (including full oil and fuel tank) | 169 kg   |
| Fuel tank capacity                            | 14 L     |

### Chassis

|                         |                                                            |
|-------------------------|------------------------------------------------------------|
| Frame                   | Diamond                                                    |
| Caster angle            | 25°                                                        |
| Trail                   | 95 mm                                                      |
| Front suspension system | Telescopic Upside Down Fork (USD Fork), 37.0 mm inner tube |
| Rear suspension system  | Swingarm                                                   |
| Front brake             | Hydraulic single disc, 298 mm                              |
| Rear brake              | Hydraulic single disc, 220 mm                              |
| Front tyre              | 110/70 R17M/C 54H Tubeless                                 |
| Rear tyre               | 140/70 R17M/C 66H Tubeless                                 |
| ABS                     | Dual Channel                                               |

### Other Information

|                            |                    |
|----------------------------|--------------------|
| Battery                    | 12 V, 7.0 Ah       |
| Headlight                  | Dual LED headlight |
| Position light             | LED                |
| Brake/tail light           | LED                |

The call of  
the **BLUE**

# R3

## 321 CC LC4V DOHC FI ENGINE

This 321cc liquid-cooled, 4-stroke, in-line 2-cylinder, fuel injected engine is designed for quick-revving performance and high-rpm efficiency. With a maximum power output of 30.9 kW (42PS) at 10,750 rpm, the R3 delivers thrilling acceleration and an exciting ride.

» All-aluminium DiASil cylinders for excellent heat dissipation

» Forged pistons and offset cylinders to reduce horse-power loss

## RACE - BRED DNA

The R3's slim and athletic bodywork features a central air intake that's inspired by **Yamaha's iconic race-winning M1 MotoGP® machine**. Its radical good looks, aerodynamic race-bred fairing and aggressive dual LED headlights underline its pure R-Series DNA, making it the most desirable 300 on the road or track.
